Re: #01-10WMC - Appeal of Casella Waste Management, Inc.

Dear Mr. Sclafani:

This will confirm our telephone conversation of July 17, 2003, during which I indicated that Casella Waste Management, Inc. would be withdrawing its appeal in this docket. This withdrawal is the result of the issuance of the accompanying permit modification by the Waste Management Division and the expiration of the appeal period with respect to the modification. The permit modification renders moot the pending appeal of Casella Waste Management, Inc.

Please convey my gratitude to the Council for its willingness to give Casella and the Division the time to resolve this matter without further litigation.

As always, thank you for your assistance.

Very truly yours,

  
Bryan K. Gould, Esq.
